VOLUME II, NUMBER 34 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER JULY 9, 1928

FOURTH OF JULY CELEBRATION IS A BIG SUCCESS

One of the most glorious Fourth of July celebrations in the history of Nevada City was staged last Wednesday .Considering that it occurred in the middle of the week, makes the success of the affair all the more remarkable and great credit is due General Chairman Frank Davies and his parade chairman, E. J. Kilroy, for their efficient manner in handling the big celebration.

The long parade which threaded its course through the streets was one of the best ever witnessed in the point of size as well as variety of floats. Further the parade was filmed by two of the leading news reel producers and will be reproduced to movie fans the world over.

Hon. H. L. Engebright as grand marshal was becomingly attired in white, a plumed hat and astride his neatly groomed charger. The volunter band discoursed excellent music and the various divisions swung into the line of march and paraded twice over the route.

Miss Lenore Steger in the character of Miss Columbia and her Liberty Bell float was one of the outstanding features of the parade. Another was the hydraulic monitor float entered by Hydraulic Parlor and captained by Edw. J. Baker. The float entered by the Alpha Hardware Company with Master George Washington and demure Martha Washington and the float entered by R. E. Harris with Mrs. Charles Elliott in the character of a Hawaiian miss were also outstanding features. The garden scene float entered by the Womans Improvement Club was much admired. Wyoming Tribe showed a canoe with Hiawatha and her lover alias Mr. and Mrs. George W. Gildersleeve. The printing exhibit by the Union showed an old Washington hand press with Jack Truscott in the character of Ben Franklin. The Log Cabin float of the Marsh Lumbed yard and the float entered by the Grass Valley Chamber of Commerce were well designed. Joe Lopez had a six wheeler covered wagon. Pierson Tuttle piloted a modern lizzie prospecting outfit. An old stage coach with an historic past and the truck held up by Tanko and Hall attracted a great deal of attention. The Methodists entered a Puritan float and the Pocahontas an attractive design. Miners Protective League put on a rock drilling exhibit. The Diamond Match Company had an interesting display as did the Pacific Gas and Electric Company. Ernest Hocking had an attractive little tea wagon design with four girls dressed in harmony with the color scheme.

Other attractive floats entered in the parde were by Neva Rebekah Lodge, Roseville Fire Department, Richfield Oil Co., Standard Oil Company, a hunting scene by Ray Teale, a modern stamp mill by the Nevada City Chamber of Commerce, Boy Scouts of Grass Valley, agricultural float by Carl Tobiassen, Lions Club, First Aid ambulance by W. R. Jefford & Son, Red Cross by Margaret White county health nurse, dairying by Granholm Dairy and a travois with two youngsters as papooses.

A long tom rocker was shown in action on one float with Doc Buffington in charge. A stamp mill operated by water power was shown.

The growth of the mail transportation idea was well worked out. Dr. W. B. Hardie on horseback was equipped with a real old pack saddle used in carrying mail. Vivian Hobson was on foot with skis and mail pouch. Pike Solaro had a mail sled and horses on snowshoes. Frank Holbrook drove the mail stage with Bill Landrigan as shotgun mesensger. A train of cars showed railway mail. A motor mail stage followed and an airplane showing the air mail completed that section.

George Brothers put on a float on the night of the 3d showing a modern blacksmith and machine shop. J. E. Gooding was in charge of the Chinese band in George Trezise's band of Maineacs.

The float showing the old and new way of washing clothes entered by Fred C. Foote was a striking one.

A number of golden wedding couples were accorded places of honor in the parade.

Continued on back page

CAMPTONVILLE MINING SHOWS GOOD PROGRESS

James Grimes of Oakland has a small crew pushing ahead the tunnel at the American Flag mine near Camptonville. The Flag is a quartz property and has a very good showing. The development work is running ahead to pick up the main ledge. Some very good rock has already been removed and piled ready for milling operations when a mill shall have been erected.

John C. Donnelly and son Charles of Oakland left recently after spending some time at the True Grit gravel property near here, which they located. The True Grit is located above the Mt. Alta, about 1900 feet above Oregon creek. It is a property suitable for working either wth a steam shovel or by hydraulicking. Water is at hand. Donnelly expects to bring some mining men to the scene in the near future and it is probable that something will be done in the way of operating the property. The grounds prospects well and is situated in a good gravel belt.

During the past season several claims have been recorded by pocket hunters in the vicinity of Bridger creek. This is an old mining ground and prospects are good for making a strike. Robert H. Deal has several claims located in that belt and is now doing work preparatory to the water season. He has good gravel showing. In former days several Chinese companies had tailings and gravel deposits in this section.

Considerable interest is shown in the quartz property being developed by Henry Rabe near the Sleighville House. He is prospecting for the main ledge and while on the job has cleared several stringers which show some very attractive rock. If conditions justify, Rabe will later put up a small mill with which to handle the rock. He is working it himself.

Capt. J. O. Hultburg arrived last week and is now located at his property near Coil Oil Bend, two miles north of Camptonville. Hultburg has been working in that section for several years and has a very well equipped claim. He has run a long tunnel in search of the channel and cross drifts have developed some gravel. He will do further development work. His property is located in a good belt.

Although many thousands of dollars have been taken from the Camptonville section, yet the country is merely scratched and the future of the mining industry in that locality is very promising.

GOLDEN CENTER TAKEN OVER BY WINCAPAW

An option was given by the Golden Center Mining Company on Friday to L. S. Wincapaw who has been acquiring properties in the Grass Valley section for Cooley Butler and associates of Los Angeles. The Golden Center has idle for some years although it had been expected for some time that C. A. Brockington, original developer of the property would reopen it.

Rumor has it that the Golden Center which is to be unwaetered at an early date is to be amalgamated with another producing property of that section which will mean large time operations. The Golden Center is equipped with a 20 stamp mill and has a past good pruduction record.

FOURTH JULY COMMITTEE FINAL MEETING TONITE

The Fourth of July Committee is to hold its final meeting to cast up accounts tonight at the city hall and all committe chairman should have their accounts in and all persons to whom money is owing should make sure their claim is presented.

A son was born the past wek to Mr. and Mrs. J. C. Hoskins at the Nevada City Sanitarium.

Mr. Bentley who was seriously hurt the past few days, is still in a serious condition at the Nevada City Sanitarium.

Trinity Episcopal church is closed during the present month to permit decorating of the interior.

Mr. and Mrs. Archie C. Travis who have mining interests near Graniteville were here from Marigold for the Fourth.

DISTRICT MANAGER IN RESIGNATION BOARD HOTFOOTS TO ACCEPT SAME

Three Months to See End of Wiskerism in Nevada County Power Company Is Indignant at Bear River Situation Federal Government Notifies Power License Is Violated Recisory Agreement on PED Contract is Adopted

The long expected and long hoped for resignation of General Manager A. L. Wisker of the Nevada Irrigation District was at last an accomplished fact last Friday, and by a unanimous vote of the board of directors. A great sigh of relief has gone up and the farmers have taken a new lease of life. The air of uncertainty is disappearing. The clouds of gloom are breaking up and brighter days of sunshine are ahead.

The strangle hold on the business affairs of the District that has been exercised so many months past has at last been shaken loose and before the matter is all over, the wiskerian influence over the board will have been entirely wiped out and his lesser satellites completely dispersed. It may turn out to be a wise move after all that the resignation is to take effect in three months, since if the directors muster up the courage to have an audit made of the District books from the very beginning, it will be useful to have the retiring g. m. around to explain any items that might be asked about.

Ouster Fireworks Missing

The expected ouster fireworks failed to materialize at the meeting of the board last Friday, owing to the fast work of the manager, and the whole resignation proceedings was over so quickly, possibly due to fear that another withdrawal of the resignation might be effected, that it left the small audience gasping for breath at the suddenness of the denouement. With the few words that he had something of interest to read, the manager gave his prepared statement. Director Mulcahey immediately moved to adopt. Director Robinson seconded. Roll was called. The vote was unanimous. The deed was done.

Power Company Protests

The day was a hectic one all thru as Vice President Paul M. Downing of the Pacific Gas and Electric Company was on hand in the afternoon with his attorney to take up the matter of the District suit over the Bear river power filings to which the power company has taken strong exceptions. He expressed himself in no uncertain terms that the District had better draw in its horns and tend to its own knitting.

PED Gets Final Burial

The recisory agreement which is intended to wipe out every vestige of the infamous PED contract was presented and by resolution duly passed. The board had previously voted to rescind the contract but the matter had been carefully kept off the county records and the present action will entirely clean the slate of that notorious contract.

Managerial Choice Uncertain

The matter of a new general manager is something that will boubtless be looked into very carefully by the directors as they will probably like to have a voice in the affairs of the district hereafter instead of being expected to be nice little dummies, all sitting in a row. If the directors follow the line of asking the state officials to take a hand at the present time and clean up the putrid mess, they will doubtless take the easiest course open to them and the cheapest. The demand of the bond sydicate that a complete audit be made at an expense of arouno $25,000 to the District, can thus be avoided and the way made much easier for the new manager. The directors have not yet expressed themselves in the matter.

Contractors Slip a Cog

Except for the fact that some one slipped a cog in his action of legal procedeings, the District last week was in danger of of not being permitted to make the necessary transfer of construction fund monies to the bond fund to meet the July interest payment of considerable proportions. One of the hungry contractors is reported to have started action to get hands on some of the construction fund before the transfer could be made but instead of starting injunction proceedings, another line was followed. The service of papers was avoided by the reputed disappearance of some of the District officials at the strategic moment. The bond holders got their interest money and the contractors got the merry ha-ha. The reported amount of over $200,000 in the bond fund has started some people to thinking that the District treasury is in a flourishing condition, but this was doubtless before the $165,000 interest payment was made. The construction fund is now down to around $2500 with large amounts yet owing contractors.

Interest Paid is $815,000

The first allotment of funds to cover interest, permitted by the bond certification commission was $210,000. An additional $450,000 was later permitted and a third order permitting a further allotment of $165,000 was issued by the commission the past month, to save the District from defaulting in its interest payment on July 1st. This makes a total of $815,000 on interest charges since the bonds were sold and interest is now piling up at the rate of $900 per day for next January payment.

Bigelow Touches Off Fireworks

Another bunch of fireworks was touched off when a letter from Forest Supervisor R. L. P. Bigelow was read calling attention to the fact that one of the provisions of the Federal Power License had not been fulfilled, in that the timber had not been removed from the Milton reservoir site. Also that the logs floating about Lake Bowman would have to be removed and piled up for burning. A third item not in the letter but previously covered was that the Government was expecting the Emigrant Gap to Bowman road to be put in a good state of repair. A committee from the board was appointed to interview Mr. Bigelow in the matter. The manager delivered himself of a diatribe on the "unreasoning tyranny of the Federal government" but there was no applause at the outburst.

Might Lease Boating Privilege

A property owner in the lower country wanted a road built to his new homesite near the Van Giesen dam and also wanted boating privileges on the lake to reach detached portions of his holdings. Both petitions were denied and tresspass notices will be posted about the lake as well as other works of the District.

The visit of Mr. Downing to protest the action of the District in starting suit against his company, produced a dynamic possibility and Mr. Downing informed the officials that any friction in the Bear river power situation might interfere with the succesful working of the present contract the District has with his company. The district manager replied with some of his customary verbosity but did not clarify the situation. An executive meeting of the directors is being held today to go over the matter.

Placer County Attitude

There is a probability that the Placer county exclusion proceedings may be held in abeyance pending settlement of the District's financial muddle and the elimination of the manager.

Congratulations have been pouring in on The Nugget from every quarter by personal visits, by telephone and by letter for the successful conclusion of its fight to wipe out the inefficient management under which the District has been laboring and which brought it nearly to the brink of financial chaos. Ever since that fateful day in February of last year when the manager brazenly announced that he had sold out the people with his private, penniless power enterprise, this paper has been waging an uphill fight to get rid of such unfaithfulness to the people's interests and its efforts apparently are about to be crowned with success. It is also proud of the fact that it has clean hands in this fight, that it has not been candidating for any one to succeed to the post of manager. That is a matter to be left entirely to the discretion of the board of directors. It feels in the present emergency that the state officials should be asked to step in, help clean up the mess and put the house in order before proceeding to select any new managers.

1500 FOOT SHAFT TO BE SUNK AT THE ALCALDE

The major development to be undertaken at the Alcalde group of mining properties at Deadmans Flat will be the sinking of a three compartment shaft 1500 feet deep to open up expected large ore bodies. The site of the new shaft will be some 700 feet south of the old Alcalde or Taylor shaft formerly used as the main shaft.

Lloyd Root who is in charge of operations for the C. C. Julian interests of Southern California who have taken over the properties, was in Nevada City Wednesday and stated to The Nugget that the New Monte Christo Mining Company under which Julian is operating in the local field, is planning a large amount of development work to open up a real producer this year.

SACRED MOUND MINE WORK IS PROGRESSING

SIERRA CITY, July 7, (Special to The Nugget)—Mining operations at the Sacred Mound property back of the Sierra Buttes are progressing satisfactorily, reports General Manager T. Leonard Park of the California Buttes Mining Company, operators.

The Gillespie power plant on the North Yuba river below town has been purchased and a three and a half mile power transmision line is being run to connect with the mine. The power plant is equipped with a 200 horse power generator operating under a 118 foot head. There is a 1500 inch water right and over a mile of ditch and flume.

The workings have been blocked off into 50 foot squares for development purposes. The vein is running 5 to 14 feet wide and is of decomposed quartz, highly oxidized, and with laminated streaks running through it. About 50 to 60 per cent is free milling ore while the rest is in iron sulphides. The underground operations at present consist at present of raising and running intermediate drifts. Work was retarded while the groud was wet but this has cleared up.

The mill is running two shifts daily and is crushing a good tonnage of ore. Inside classification has been discarded and outside hydraulic classification installed which has increased the former milling capacity. A recent cleanup showed 30 ounces of amalgam for an eight hour run.

MRE. A. SPELLENBURG HAS CROSSED DIVIDE

Mrs. Anna Spellenburg died yesterday morning at the Coughlan home at North Columbia after an illness. She was a ntive of England and has been a resident of Sierra City. The funeral services will be held tomorrow or Wednesday inN evada City. She was the mother of ten children, of whom the following survive: Michael M. and D. J. Coughlan of Nevada, Jerry Coughlan of Taft, William Coughlan of Oakland and Mrs. Annie Gallagher of Los Angeles.

NEW DITCH FLOW HITS L'ECOMPTON MINE STOPE

The long expected flow of water in the Deer creek diversion ditch, was turned in Saturday and progressed favorably until about a mile below the dam where it hit an old stope of the LeCompton mine and lost itself in a right big hurry. A crew of workmen succedded in building a by-flume late that night and the ditch commenced to function again.

Nevada Royal Arch Chapter is to hold its stated meeting tonight.

Henry Paine has been down from Lake City for a few days.

WEST'N. MERGER PRODUCTION IS $4650 FOR JUNE

The second month of active milling operations at the Western Merger mine showed a total production of $4650 for June, according to figures released by President A. A. Codd in Reno Friday. Amalgamation recovery was $2150 and concentration accounts for the balance.

The ore is coming through much cleaner at present than formerly and of better grade. Stoping is being carried on above the 400 level. The main A vein splits on the 400 level east of the shaft. A crosscut has ben started 150 fet east of the shaft to cut the A vein and willbe run into the footwall country to tap another vein outcropping on the surface.

The crosscut being driven to inter sect the Jackson vein has progresed 25 feet toward its objective.

WEST POINT PROPERTY NOW BEING REOPENED

The West Point mining property adjoining the Alcalde group in the Deadman Flat section is being reopened by a group of San Francvisco capitalists. The old tunnel is being cleaned out which was badly caved and search will be made for a rich ore shoot said to exist on the property. The Miller interest in the property has been taken over.

Wallace MacGregor is consulting engineer, Harry W. Wernse of San Francisco is interested.

MURCHIE LEASE PICKS UP FAULTED ORE SHOOT

Five stamps are again dropping at the Murchie Lease property east of town since the picking up of the rich Lone Star ore shoot which had faulted twice in the workings previously. In pumping out an old winze alongside the tunnel, the shoot was encountered and shows values running around $60 a ton. Underhand stoping had been used in former days until it became impractical and it was abandoned. The vein runs from 3 to 20 inches wide with an average width of 12 inches.

Weeks & Davison are operating the property under lease.

SCOTCHMAN CHANNEL IS STRUCK, FOUNTAIN HEAD

The rich Scotchman gravel was struck Saturday in the Fountain Head property near Graniteville in a shaft being sunk to cut the channel. On receipt of the news, C. D. Jones, Harold Stotesbury, Consulting Engineer C. D. Scriminger and L. E. Stein who are connected with the Butte Mining Company operating left immediately for the scene.

LEON CHRISTENSON HAS UNHAPPY EXPERIENCE

Staggering home in a semi unconscious condition, Leon Christenson Monday morning told an unusual story to his parents, Mr. and Mrs. Edward Christenson. He was suffering from the effect of blows on the back of his head and he was lying on the bank of Deer creek near the Sierra Queen mine when he came to, partially in the water of the creek.

According to the statement made to Sheriff Carter, he had gone to the Frank Pellegrini place on Adams street and had there partaken of strong drink. He alleges that a person called Slim O'Neil had struck him and that he remembers nothing further until he came to, the next morning.

On the strength of his statement, Pellegrini his wife, a woman calling herself Peggy Smith, and O'Neil were placed under arrest and all except Pellegrini were locked up in the county bastile pending a hearing before Judge Dow.

Young Christenson was removed to the Nevada City Sanitarium where Dr. Tickell examined him and pronounced his injuries serious.

Christenson was reported this morning as doing nicely.

COZY CORNER CHAT

A RAY OF HOPE is dawning on the NID horizon since the unanimous acceptance by the board of directors on Friday, of the resignation of the general manager. Had the present situation gone on much longer, the matter of salvaging the District would have been made quite difficult if not practically impossible. It is unfortunate by the terms of the resignation it is necesary to pour out several thousand more dollars more salary on him who has been largely responsible for the present financial mess in which the District finds itself. It is rumored that the debts are now around $600,000 and still growing at a prodigious rate as the accounts come in. This is outside the bond principal of seven and a quarter million and the daily interest bill of $900 per day. By the time the general manager steps out of his snug berth, there will be around $80,000 more interest bill to dig up some place. The directors have a tough job ahead of them to get their bearings and steer for some safe port in the next few months. The selection of a manager who can lead them out of their financial dilemma will prove no small task and there may be a succession of managers until some one capable is found. The big job so far has been to pry the present occupant loose from the payroll and dispense with his expensive services. He will never be held up to admiring view in after years as a hero for his deeds done while in Nevada County. There has been a trail of wreckage behind him which it is going to take years to retrieve. The day he steps down and out will be a happy turning point in the affairs of the people of this county.

THE FIRST PROBLEM to engross the board of directors should be the making of a complete audit of the accounts from the very beginning and find out why it has been so expensively conducted. A formal request made of the bond certification commission should accomplish this result at but little if any expense to the District. This paper neither charges nor implies any wrong doing or misappropriation of funds, although it does maintain that every dollar that may have been spent on that ill gotten brain child, the PED, in engineering and legal services, has not been legally expended. There is probably no segregation of expenditures in this regard which is unfortunate as in that event no restitution of funds would be possible to the District in such cahe. The District accounts should be gone over with a fine tooth comb by competent outside auditing experts, and if the bond certification commission is willing to undertake the task, it would prove a happy solution. The bond syndicate are demanding such an audit, it is understood, although they are rather late in the day with their stuff. This paper has been calling for an audit for months past, ever since it appeared that things were running behind at a great rate. The audit has not been ordered and the directors may not have the nerve to go ahead with it, but they should in the interest of their constituency put their house in order at as early a date as possible.

THERE IS A LOT OF PRUNING of the payroll that could well be accomplished in the interest of real economy if the directors want to get down to the minimum basis of economical operation at once. The overhead is too high by far and the sooner that the directors cut off the gladhanders that want to be continued on the payroll, the sooner the constant drain on the slender income can be stopped in part at least.

THE NUGGET IS PROUD of the part it has played in unmasking the operations of the tax eaters. It has been the only paper in the District that has taken the attitude that things were not well with the internal affairs of the District ever since the fateful day in Serra Hall in February of last year when the betrayal of the people's rights was unmasked by the giving away for a mess of pottage, and a skinny mess at that, of the priceless heritage of power and water rights to a penniless corporation. This paper trusts that it may always be found as fearless in its championing of the people's rights.

AAW.

R. Foster Williamson was down from Washington for the Fourth and attended to business matters.

Miss Hazel Jones is home for her vacation after teaching last term at Ceres.

Mrs. T. H. Corcoran has as a guest her sister, Mrs. J. L. Asay of San Jose.

A great many people who think that politics is rotten have never lifted a finger to improve them.

Mr. and Mrs. J. A. Hitchens have their daughter Mrs. Isham of Woodland with them for an extended visit.

Mr. Meyer of the firm of Meyer Bros. of Spenceville was a Nevada City visitor Monday. They have taken two large bands of cattle to the national forest near Washington and expect to take up a band of horses in the next few days. They have a large range in the Washington district. The two bands of cattle numbered about 475 head.

Master Dick James, who was hurt by an exploding firecracker will not have such a serious eye injury as at first thought.

Walter and Thomas Bigelow, mining men of North Columbia, were in Nevada City Sunday.

Miss Agnes Dow is here visiting from Sacramento with her sister, Mrs. E. W. True.

Lots of fathers and mothers would take an optimistic view of the rising generation if they didn't have a few members of it of their own to worry over.

TYLER JOTTINGS

TYLER, July 7, (Special to The Nugget)—Mr. and Mrs. B. B. Rich and family who have been camping in Tyler, left Sunday for Sacramento.

Mr. and Mrs. R. McNamara and Mrs. Whistler visited in French Corral Sunday.

Louis Orzalli, Ted Deal and Carl Orazlli were visitors here Saturday.

Mike Phelan who is employed by the Southern Pacific Company is visiting with his parents, Mr. and Mrs. K. J. Phelan.

Quite a few of the young and old folks attended the French Corral dance Saturday night.

Howard Seabury is visiting old friends here again.

Charles Moody and Al Tackitt were visiting here Monday.

Mr. and Mrs. Wright Coleman and babe passed through here.

Mr. and Mrs. Dorris are visiting Mrs. Dorris' parents, Mr. and Mrs. A. F. Thore.

James Phelan went to Marysiville Tuesday after his brother Mike who is home on a visit.

Mr. and Mrs. W. Kessler of Santa Barbara are visiting Mrs. Kesler's parents, K. J. Phelan and wife.

Mr. and Mrs. R. McNamara motored to Nevada City Tuesday evening to see the parade.

Mrs. K. J. Phelan is visiting friends in Nevada City.

Quite a few from here attended the 4th in Nevada City and all thought the parade was fine.

Mr. and Mrs. Herb Curnow and little daughter of Grass Valley spent the 4th with Mr. Curnows' parents, Mr. and Mrs. John Curnow of Tyler.

Mr. and Mrs. W. Kessler of Santa Barbara were visitors in Nevada City Thursday.

R. A. EDDY HAS RECORD THINGS ACCOMPLISHED

Ricrard A. Eddy who is a candidate for reelection to the board of supervisors from the first district, has been a member of the board for some years past, ten of which he has been the chairman of the board.

Since he has been on the board, all the state highways have come into the county. It was Mr. Eddy and R. N. McCormack who performed the difficult task of securing the rights of way for the state highway to Downieville as far as the county line. During Mr. Eddy's incumbency a number of new bridges have been built of steel and concrete. The handsome new county hospital is something to be proud of: A number of improvements have been made to the court house. At the time that the matter of the routing of the Tahoe Ukiah state highway to the east was in dispute, it was the financing plan sponsored by the supervisors that made possible the present route through Nevada City and up the Harmony Ridge.

For the last eight or ten years there has been complete harmony between the board members which has made for real progress.

Mr. Eddy enjoys the confidence and esteem of hi sconstituency.

Miss Olive Gaylord is here visiting old time friends.

Mr. and Mrs. W. J. Andrews are on a two weeks vacation, leaving here Sunday by auto.

Mr. and Mrs. George Calana are at home after spending the week end in Berkeley.

Mrs. Robert Werner and Miss Alice Murchie were Sacramento visitors Tuesday.

Mrs. Charles Bush and family have returned to Oakland after a visit here with her mother, Mrs. Mary Rossen.

Gen. W. S. Schuyler of Carmel was here Saturday from the Alaska mine at Pike City.

Judge Raglan Tuttle is presiding at extra sessions of court in Oakland.

Charles Elliott of the Harris Drug store has been confined to his home with an attack of illness.

Mr. and Mrs. Robert M. Searls and Mrs. Vera Curry all of San Francisco are here visiting relatives.

George A. Legg of Berkeley is here visiting relatives.

Mrs. Annie Landsburg and granddaughter, Audrey Davis, are visiting in San Francisco and San Jose with relatives.

Mrs. I. C. Lindley, formerly of this city, Miss Jeanette Bauer and, Mrs. Edward Elliott are here from Berkeley for a vacation.

William Thompson of Oakland is here visiting his mother, Mrs. Thos. Jennings. He is fireman on a tanker for the Associated Oil Company.

Rev. and Mrs. H. H. Buckner have as guests their daughter, Mrs. W. H. Polhemus and child, Miss Ellen, of Sacramento.

RELATIVES CHARLES MINOR SOUGHT STOCKTON CORONER

A telegram was received at Camptonville from the coroner's office at Stockton, giving notice of the death of Charles Minor and asking the whereabouts of his his relatives. Particulars of his death were not learned but it is presumed that he died at Stockton while enroute from Los Angeles.

Minor had been in this section for the last few years, interested in mining and had brought a large number of people into this country to look at mining properties. He had many claims located and had succeeded in getting some people interested in them and was working on them at the time of his death.

According to a recent compilation the mining industry in 1927 for the United States showed earnings of nine per cent for the capital invested, excelling all other producing industries. Gold and silver mining showed better than 16 per cent profit while lead and zinc topped the list of industrials with 20 per cent profit for capital invested, being outdone only by automobile manufactures. Of course, depletion of ore reserves must be taken into consideration in mining while other industries may have a longer lease on profit.

The late Joseph Morrish of Grass Valley died Thursday while he was at his home. He is survived by a widow, Mrs. Sarah Morrish, sister of Cornelius Hill and Mrs. Emma Blair and Mrs. Hattie Hughes and a native of Grass Valley aged 68 years

On July 22nd the Hague-Thomas-Hegarty Post, of the American Legion, will entertain a meeting of District No. 1, Department of California, of the order.

Commander R. R. Gardner of Placerville has issued the call to attend. State Commander, Phil B. Dodson and State Adjutant, James Fiske will without any doubt be among the speakers present. In the morning the Legion will hold a camp stew, at Dickerman's Grove they will hold their services and a small admission to the grounds will be charged.

Mrs. Harry G. Rowe of Berkeley is here visiting old time friends.

We want to advise the girls who are seeking model husbands to first be sure that they are working models.

ORR WOODBURN IS SPEAKER OF DAY AT THE LIONS CLUB

Orr Woodburn of Globe, Arizona, has been a Nevada City visitor for a short vacation from his duties as director for the Globe-Miami District, Mine Rescue and First Aid Association. His wife was nee Miss Aminy Colt, niece of the late Lee Garthe. Mr. Woodburn was the speaker of the day at the final meeting of the Lions Club on Tuesday prior to the summer vacation. He spoke interestingly of the copper mining developments in his section. Woodburn is the president of the new Lions Club at Globe.

FRIENDS REUNION HELD AT THE BUCK JONES PLACE

A reunion which has been held for some years on July 4th was staged at the Buck Jones place up country but the attendance has been diminishing as those of the group have moved away. Those attending this year were Mr. and Mrs. Buck Jones, W. B. Celio, Miss Hurell of Monrovia, Mrs. Reth Ewing and Charles Bennetts of Nevada City.

The U. S. Revenue Department is classifying castor oil as a beverage but you couldn't get the average boy to accept it as such.

UNITED FOR STRENGTH AND SERVICE

FRENCH CORRAL PEOPLE HAVE A QUIET FOURTH

FRENCH CORRAL, July 7. (Special to The Nugget)—Well with our dance and our golrious 4th of July things of the past, we can again settle down to life's quietude.

Our dance was a social success, with good music, good eats and other festivities. All seemed to have a very happy time but we regret to say, it was not a financial success. However we shall not lose heart and are willing to try again.

The Fourth ses but little demonstration in this place, as many go away to attend the celebration at our county seat or Grass Valley. Flags and ice cream mark the day here. In the days of "Chinee-town" the festive firecracker made the youngsters glad—yes, and sometimes sad. We personally have a vivid recollection of one instance when we thought it would be such fun to drop a bunch of firecrackers in the kitchen stove and frighten mother. It worked fine! for a very short time! Mother soon recovered from the shock and then got in her play with her slipper, the old fashioned slipper, and—well, we didn't care about sitting down for awhile.

Many from here attended the celebration at Nevada City. We hope our Twin Cities of which Nevada County is justly proud, will never allow this good old custom of celebrating, die out. We know it means lots of hard work but it keps alive that spirit of observance of that glorious day that should always be so dear to every loyal American heart!

Mrs. H. Clymo and son Harold and Frankie, left Saturday morning for their home in Benicia after a very pleasant visit with her sister, Mrs. W. E. Moulton.

W. E. Moulton made a trip to Marysville Saturday, accompanied by Dean and Richard McMinn.

Mrs. J. D. Morris, Miss Nelly Sullivan, Mrs. Kate Sullivan and Harry Browning were visitors at Bridgeport Friday.

Mr. and Mrs. Wm. Burnett of Bakersfield paid a visit to French Corral friends Saturday evening, and thereby hangs a tale, which is a pretty romance. Mr. and Mrs. Burnett are on their honeymoon and are the guests of Mrs. Burnett's sister, Mrs. C. H. Jones of Sweetland. Both were born and raised in Sweetland and spent their younger days there, and in those days they were lovers. But as the course of true love never runs smooth, they drifted apart and in time were married, each to some one else! Both are grandparents, now having raised their respective families. The years of widowhood have come to both and after the years they met again and decided to cary out the rest of the journey together. This is a glad surprise to their many friends and all wish them many years of happiness.

Mis Millie Clerkin paid a visit to her home in French Corral last Friday.

The San Juan Ridge Water Association held their regular meeting on Sunday. At this meeting much business of great importance was transacted, the result of which will mean water to the Ridge, we hope.

Calvin Meyers made a trip from Berkeley Sunday.

Earl Chatty of San Francisco is spending his vacation with his family who are vacationing with her parents, Mr. and Mrs. J. W. Culver of this place.

H. Moynier and H. Harris of Berkeley were visitors last week. Both are former French Corralites.

The Meyers family who were visiting their grandfather, Thomas Meyers of this place and returned to their home in Berkeley Monday.

Mrs. Victoria Harris and children, Kate, Vernon and Neil are visiting Mrs. Harris' sister, Mrs. A. Browning of this place. The family are now residing in Berkeley but all are formerly of here.

Many auto parties pass through town but we do not learn their names of all.

The Forest Service fire truck was summoned to Graniteville Tuesday to put out a fire that had broken out in an oil sawdust pile there.

A son was born to Mr. and Mrs. E. R. Hatch at the Nevada City Sanitarium early last week.

Open house was maintainedby Nevada Fire Company at the fire house on lower Main street on the Fourth.

YUBA PASS BOTTLE NECK DOWNIEVILLE TO SIERRA

The glad news that the bottle neck on the Yuba Pass Highway between Downieville and Sierra City was to be broken at last, was exclusively broadcast in a Nugget bulletin circulated throughout Nevada City, upper Nevada and Sierra Counties Tuesday noon, within a short time after release of the information by Forest Supervisor R. L. P. Bigelow. The story had been in this office some weeks awaiting release and after the flash came from San Francisco, the story was put in type and rushed to the people of this and the upper country. The Nugget was 24 hours ahead of any other medium in getting the information up country.

The story as printed in the bulletin was as follows:

IMMEDIATE CLEARING OF RIGHT OF WAY BETWEEN SIERRA CITY AND DOWNIEVILLE ORDERED BY FOREST SERVICE; EXPECTED CONSTRUCTION CONTRACT IN SPRING.

The wonderful news was received this forenoon by Forest Supervisor R. L. P. Bigelow that the United States Forest Service will commence immediate clearing of the 13 mile right of way between Sierra City and Downieville in anticipation of the letting of a construction contract early the coming year for the last remaining bad piece of road on the Yuba Pass Highway between Nevada City and Reno.

It had been hoped that construction for a portion of the route could be undertaken this year but owing to the fact that the Bureau of Public Roads would not be able to let a contract before the latter part of August, would make for such a short construction period that it was deemed best to delay letting of contracts before next year and it is hoped that funds will be available for the completion of the last link in an improved highway over the Sierra Nevada through Nevada and Sierra counties.

All credit is due S. B. Show of San Francisco, District Forester, for the active part he has played in the interest of the Yuba Pass Highway in cooperation with Forest Supervisor R. L. P. Bigelow who has been the "daddy" of the Yuba Pass route. Congresman Harry L. Engelbright has done yeoman service in behalf of the project and the splendid cooperation given by the Sierra County Board of Supervisors has been of great help.

With the Yuba Pass Highway Association formed to keep the Pass open during the winter months, we will soon be able to offer the best all year short route from Central California to Nevada and the East.

The Nugget has been privileged to chronicle many outstanding events of interest in Sierra and Nevada counties the past two years.

C. H. Sweetser of San Francisco, engineer for the Bureau of Public Roads, also has been influential in behalf of the project and the Nevada County Promotion Board has also been working on the idea.

Next year should see the project completed and this community will reap immense benefits from the increased flow of tourist travel, particularly when less nature-favored routes across the Sierra are blocked with snow.

EN ROUTE TO LAKE TAHOE

WHEN planning your vacation motor trip, arrange to stop at the picturesque and popular Hotel Senator. Facing beautiful Capitol Park, it is always cool and delightful. Luxurious outside rooms with bath and circulating ice water. Delicious food. Moderate rates.

Charles R. Fraser, *Manager*

INDEPENDENCE

IN 1876, one hundred years after the signing of the Declaration of Independence, the first telephone circuit was installed on the Pacific Coast. This marked the beginning of a *new* freedom—freedom from the bonds of distance.

For today, distance is *not* a barrier to the transmission of thought by speech. The last half century has seen the development of the telephone from small beginnings to a vast network of voice highways extending throughout the length and breadth of the nation.

From your own telephone you are within speaking distance of over 70,000 cities and towns throughout the United States and many points in Mexico, Canada and Europe.

To the boundaries of the nation and beyond—by telephone

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Game Warden Raymond O'Connor received a large shipment of trout fry the past week and they were planted around Grass Valley's streams and in the upper country.

LEGAL NOTICE

NOTICE TO WATER USERS

NOTICE IS HEREBY GIVEN that water for domestic and/or irrigation purposes on San Juan Ridge for the current, 1928 season, will be supplied by SAN JUAN RIDGE WATER ASSOCIATION to only such members of said Association as shall comply with the following provisions, namely:

(1st) Each and every person desiring such water or water service from the Eureka Lake System, or any systems under the control of said Association, must first subscribe the By-Laws of said Association; and

(2)must notify, either J. F. Wilbur or E. Browning, Water Supervisors of said Association, immediately, the amount and nature of their respective requirements for said season as aforesaid.

Those desiring such services from French Reservoirs shall notify said J. F. Wilbur; and those desiring such service from Pine Grove Reservoir shall notify said E. Browning.

NO ONE FAILING TO COMPLY WITH THE PROVISIONS AFORESAID WILL BE ENTITLED TO ANY WATER OR WATER SERVICE.

J. F. Wilbur, and
E. Browning,
Water Supervisors of
SAN JUAN RIDGE WATER ASSOCIATION.
First Publication—June 11, 1928.

SUMMONS
No. 5613

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

GEORGE W. COOPER, Plaintiff vs A. R. WADSWORTH, FRANCIS STEVENS, JANE STEVENS, his wife, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada.

NILON & NILON,
Attorneys for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO A. R. WADSWORTH, FRANCIS STEVENS, JANE STEVENS, his wife, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten (10) days after service on you of this Summons—if served within this County; or within thirty (30) days if served elsewhere.

And you are hereby notified that unles you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this Court adjudging and decreeing that plaintiff is now, and has, by himself and his predecessors in interest been, in the actual, exclusive and adverse possession of said real property continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee against the whole world; and that plaintiff has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property, and that all claims of said defendants thereto are without right, and that they have not, nor has any, or either of them, any right, title, estate or interest in said real property, or any portion thereof.

The real property affected by this action and hereinbefore referred to is described as follows:

All that certain real property situate, lying and being in the City of Nevada, County of Nevada, State of California, and particularly described as follows:

Lot Number Seven (7) of Block Number Twenty-five (25) of the City of Nevada, as said lot and block are designated upon the offcial map of said City of Nevada made by H. S. Bradley in the year 1869.

Given under my hand and the Seal of said Superior Court of the State of California, in and for the County of Nevada, this 22d day of March, 1928.

GEORGE COUGHLAN,
Clerk.
By R. N. McCORMACK,
(SEAL) Deputy Clerk.
First Publication—April 30, 1928
Dates of Publication—April 30; May 7, 14, 21, 28; June 4, 11, 18, 25; July 2, 9, 1928.

E. S. Mitchell of Eureka, chief deputy district attorney of Humboldt county, was the holiday guest of his father, C. C. Mitchell of Grass Valley. It has been fifteen years since he left this section but he has kept up his interest in the old home community.

LEGAL NOTICE

The California Debris Commission will hold a public hearing at 11:00 A. M., July 24, 1928, in Room 728 Wells Fargo Bldg., San Francisco, California, to receive protests against granting the application of D. E. Bleakley and W. W. Waggoner to mine by the hydraulic process the Relief Hill Gravel Mine located at Relief Hill draining into Union Canyon thence into South Yuba River and to impound tailings in Union Canyon and old mine pit at mouth of Union Canyon, one mile below the mine.

Dates of Publication—July 9, 16, 23, 1928.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

THE COSUMNES CO., a corporation, Plaintiff,
vs
DANA B. GETCHELL, JOHN RICHARDS, HANNAH RICHARDS, W. C. JEFFERY, E. M. JEFFERY, and also all other persons unknown claiming any right, title, estate, lien or interest described in this complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada, in which said action the Cosumnes Co., a corporation, is the plaintiff and the persons hereinafter named as defendants, are dfendants.

FORD E. GROVE,
Attorney for Plaintiff.

The People of the State of California send greetings to Dana B. Getchell, John Richards, Hannah Richards, W. C. Jeffery, E. M. Jeffery, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in this summons, adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto. Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten days after service on you of this summons, if served within this County, or in thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, that said plaintiff will take judgment for any money or damages in the complaint arising upon contract or it will apply to the Court for any other relief demanded in the complaint.

The following is a statement of the object of the action:

The object of the action is to determine all and every claim, estate, lien or interest in the property herein described; that the plaintiff is now and has been by itself and its predecessors in interest, the owner of and in the actual exclusive and adverse possession of the property hereinafter described continuously for the period of more than twenty years immediately preceding the filing of the complaint in this action, claiming to own the same in fee against the whole world, and that plaintiff has paid all taxes of every kind and nature whatever levied or assessed against said real property during the period of five years continuously immediately preceding the filing of the complaint aforesaid; that the claim or claims of said defendants is without, right, title, or interest in said real property or any part or portion thereof;

The land and premises affected by this action are situate in Uevada County, California, and particularly described as follows:

All that certain real property, situate, lying and being in the City of Nevada, County of Nevada, State of Calffifornia, and particularly described as follows, to-wit:

All those portions of Lots Four (4), Five (5) and Six (6), in Block Fifty three (53) of the City of Nevada, as said lots and Block are designated upon the official map of the City of Nevada made by H. S. Bradley in the year 1869, and particularly described as follows:

Commencing at a point which bears North 38° 27′ East 36.74 feet from the Northeast corner of Lot 3 and also bears South 0° 16′ East 61.09 feet from a steel drill at the corner of Valley Street and the lower Grass Valley Road; thence along the South side of the Lower Grass Valley road North 50° 37′ East 14.93 feet; thence North 58° 19′ East 16.08 feet; thence North 68° 12′ East 8.60 feet; thence North 78° 25′ East 109.89 feet; thence North 87° 53′ East 24.93 feet to the North East corner of said lot, which point bears South 45° 34′ West 715.92 feet from the corner where the Lower Grass Valley Road and Sacramento Street intersect; Thence along the East side of said lot South 22° 14′ East 263.98 feet to the Southeast corner of said lot; thence South 81° 38′ West 98.43 feet; thence North 38° 03′ West 272.73 feet to the Northwest corner of said lot, the place of beginning.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California, this 4th day of June, 1928.

GEORGE COUGHLAN,
Clerk.
First Publication—July 9, 1928.

DELINQUENT TAX LANDS ARE BID IN AT SALE

At the sale of property sold for delinquent taxes conducted by the county treasurer, Mrs. Olga N. Bassen of San Francisco bid in 120 acres in the south east quarter of Section 12 in the Indian Flat school district, which was assessed to the estate of Maggie Rourke, and she expects to erect a nice summer home on the property as soon as the tax title is cleared.

D. C. O'Rourke of San Francisco bid in Lot 1, Block 6, Lake Subdivision, Donner Lake.

Every presidential year we hear enough talk about "wet and dry" to lead us to believe that John Barleycorn's grave is wired up with a loudspeaker.

The displays of student work in many schools seem incomplete without including their baseball and football records.

From the crowds that gather to watch a dog fight it would look like there was a law against such things.

Fresh air is said to be a remarkable cure for many physical ills, but unfortunately it doesn't appeal to many people because it does not cost anything.

Spanking a kid when he's small will do him more good than hanging him when he's grown.

POLITICAL CARDS

For Supervisor, 1st District—
FRANK DAVIES

Respectfully announces himself as a candidate for the office of Supervisor of the 1st District, Nevada County ,subject to the will of the voters at the Primary Election, August, 28th, 1928.

LEGIONNAIRES FIXING UP GROUNDS, CAMP STEW

ROUGH AND READY, July 7,(Special to The Nugget)— John F. McCay, Sacramento representative of the Pacific Coast Automobile Association, Inc., was here on a business trip Friday. He was accompanied by his wife.

Fred Fippen and wife, R. L. Capps and wife, Harvey Harless, Mena Harless, Marie Howe, Merle Harless, and Hugh Harless spent Sunday at Bear Valley, Plocer County. The roads are in fine condition except for a few rough places near the river above the Mason Service Station.

Frank Simmons, a former resident from here, is staying at the Mason Station for a few days.

Mae Abbott has gone to Oakland for a few week's visit.

Marie Howe is visiting with her Grandmother Mrs. Davey in Grass Valley.

Mr. McGuire has returned to his home in Los Banos after a few week's visit with his sister, Mrs. Hurtt. He was here for his health.

The Highway is in much better condition now than it was a few weeks ago, as they have finished oiling it and have put sand on it. It is still sticky but is getting better every day.

Mr. and Mrs. T. F. Seley spent Sunday at Bowman's Dam.

Stanley Housel is spending a few days here.

Several of the Legion boys spent Sunday cleaning up the camp stew ground and building some more booths and tables. Mr. Michleson of Kentucky Flat furnished the lumber.

Even the longest day in the year is far too short to waste any of it listening to a grouch.

Nature does strange things but she never intended for the bloom of youth to show on the nose.

Nearly everybody knows that the saxaphone was invented by Adolph Sax, but nobody seems to know why

The observer remarks that there is nothing like a husband's good salary to make a wife forget his bad habits

It is difficult nowadays to tell whether a girl is a picture of health or just a good parton of the durg

It is strange, but as yet none of the wet opponents of Hoover have drawn attention to the fact that his name begins with H-two-O.—Chicago Evening Post.

DID YOU EVER STOP TO THINK

By
Edson R. Waite
Shawnee, Oklahoma

THAT publicity is to a community what gas is to an automobile. It is that indefinable something that pushes ahead and develops growth, that brings people together for the common good, that eliminates crying evils, creates public enterprises and produces 100 per cent fine civic consciousness. It is a modern business tonic, which once incultcated into the gray matter of a populace, sooner or later induces every man to respond to the call of improvement, thereby dissipating all dry rot, bringing men into closer and better and more unselfish fellowship. It is then— and not until then—that the highest type of a true, intelligent, public spirited citizen becomes an actuality. The mere gathering together of many persons who live in houses does not of necessity constitute a city. We have a city only when men come to have common ideals, when men come to develop a love for the community in which they live and are ever ready to sacrifice time and money and energy to the end that those common purposes and aspirations are realized.

Properly created advertising develops character for a community as well as for an individual. It creates this character whether the investment is made by an individual, a firm, a corporation or by a community itself. Publicity uplifts the moral tone of a city more than all the ordinances and courts and metropolitan police systems combined and its tendency is continually to evolve. It generates desire waves that groove in with the scheme of the city beautiful; it pricks the pride and warms the cockles of the hearts of men, which condition germinates latent civic energy; it tends to curtail adverse criticism on the part of "sour bugs", when the progressive element of a population is extending itself to the utmost in an edeavor to create and wish on the people much needed public improvements, while the rest of the population, passively interested but apathetically inclined, looks idly on. It is one of the most deserving, hard-working, stimulating known influences in the development and elaboration of a city's resources and prosperity. Its value to a community, therefore, cannot be measured by cold dollars and cents.

PUBLICITY IS A HARBINGER OF CONSTANTLY IMPROVING PROSPERITY, AND OUR NEWSPAPER—YOUR CHIEF MEDIUM FOR TALKING TO THE WORLD—IS UNDENIABLY THE TRUEST, CHEAPEST, MOST DEPENDABLE AND MOST THOROUGH DISSEMINATION OF DENT-PRODUCING PUBLICITY YET DISCOVERED.

Evolution may make a man out of a monkey, but it usually takes a wedding to make him a goat.

What some fathers call their babies at night is not the same name that appears on the birth certificate.

Temper is about the only thing we know of that can be kept indefinitely without spoiling.

You never can tell. The girl who is easy on the eyes may be hard on some father's pocket book.

The American people are getting much interested in stock speculation, and they show much aptitude in buying when they ought to sell and selling when they ought to buy.

The American people are said to need more viison, but their vision is keen enough so they can see a dollar a long way off.

Most people believe in the golden rule, even though they do find it harder in practice than it is in theory.

SUPERVISORS ORDER PLANS DRAWN FOR TWO BRIDGES

Plans for two new steel bridges have been ordered drawn by the board of supervisors, one for the South Yuba river at Washington, and the other over the Truckee river at Boca in the east end of the county. County Surveyor J. F. O'Connor will prepare the plans. The present abutments of the South Yuba bridge will be used. The Boca bridge went out during the high water this spring.

NEWCASTLE TO SHIP MORE FRUIT OUT

Fruit shipments from Newcastle for the last few days have been comparatively light as growers have been urged to hold back on their fruit shipments as there is supposed to be a glut of the markets after the Fourth of July.

The result of this will mean that there will be a heavy shipment of plums, peaches and pears next week as all three will be going out at the same time.

Over 400 carloads have gone out of Newcastle already in spite of last week's curtailment of shipments.

Newcastle Personals

Ira Colwell has moved to Sacramento where he will be employed in the surveying department of the Western Pacific Company. He is a son Justice of the Peace George Colwell.

Dr. John Salanda has returned to San Francisco after a short visit with his parents who live in Newcastle.

J. B. Whitney, who is employed at the Newcastle Fruitgrowers Association, has gone to San Francisco to undergo an operation.

INFLATION HINTS TO INCREASE TIRE MILEAGE

Every motorist knows that air expands when hot and shrinks when cold. "But", E. K. Booth, the local Federal Tire Agent at Grass Valley asks, "have motorists even corsidered this in connection with tire mileage?"

Mr. Booth goes on to say, "according to the big tire companies, temperature alone can make as much as 12½ difference in the air pressure in a tire. This is of vital importance to motorists inasmuch as a difference of a few pounds over or under the recommended pressure in a balloon tire can make thousands of miles difference in the mileage the tire will deliver.

"When a car is driven the tires generate heat. The Washington State College Experiment Station found by test that when the atmospheric temperature was 60 degrees, the temperature of a tire that had been driven 40 miles per hour was 275 degrees.

"Bus and truck companies, knowing this, test the air pressure in their tires as nearly as possible under operating conditions. Motorists should follow their example. They should gauge the pressure in their tires, out of the garage, and preferably after the car has been driven for a half-hour of more.

"This is a little trouble that will pay back big dividends in increased tire mileage."

What would happen pray tell, if an irresistable blonde met an immovable bachelor?

Every politician knows that in a campaign year money is the life of the party.

Our idea of a husband is the man who enjoys paying his wife's bills as much as the man who sold the goods enjoys being paid.

FOURTH OF JULY

Continued from front page

The fireman's division with various pieces of apparatus from the old Pennsylvania horse cart down to the modern pumper furnished by Grass Valley.

The caravan of former Nevada Countians who drove up from Sacramento for the occasion was warmly welcomed. Tom Monk who organized the caravan, headed the division.

Old cars of yesteryear were shown by C. E. Green in a 1909 model, Jim Hitchison in a 1912, Edd Matteson in a 1913 and Tom Hogan in a 1923.

Decorated cars were furnished by Charles W. Leiter, Charles F. Wood, George Bros., Ernest Rowe and J. R. Kneebone.

The baking exhibit shown by the Kopp Bakery was much admired and showed the primitive method of baking with Indian squaws grinding the flour with a stone mortar and pestle.

A little Shetland pony was ridden by Master Louis Stein.

The doll parade sponsored by Mrs. Kitty Williamson drew a great deal of attention.

The war dances by the Indians were well attended as were the sports events and the water fight.

The parade staged by the Pocahontas on the night of the 3d brought out a large crowd.

The splendid cooperation extended by Grass Valley for the celebration was commented upon by many as illustrative of the spirit that should always exist between the two communities.

The water fight on the Plaza between picked teams of firemen, was in charge of Ray Wilde.

The largest attendance on record was present at Nevada Theater for the literary exercises. Judge Raglan Tuttle was chairman of the program. Invocation was offered by Rev. H. H. Buckner. The Declaration of Independence was read by Elzear Foley. The speaker of the day was J. M. Inman of Sacramento. Benediction was pronounced by the Rev. Fr. P. O'Reilly. Fine vocal selections were furnished by Mrs. Jack Wolff.

Andrew James who organized the volunteer band for the occasion deserves great credit for the way he put over the idea.

State Traffic Officer Joe Blake who was in charge of motor travel had everything well in hand throughout the day and no accidents were reported.

PERSONAL MENTION

Mr. and Mrs. Fred Hallett of Sacramento, former residents here, were up to spend the Fourth.

Mrs. Mildred Rosebrough is here from Oakland to spend the summer with her parents, Mr. and Mrs. Wm. Peard. Miss Ruth Peard is here from Chico for the summer.

Miss Florence Genasci is here from Sacramento to visit her parents, Mr. and Mrs. Charles Genasci.

Elzear Foley has been confined to his home with an attack of indigestion.

Dr. and Mrs. A. H. Tickell were Oaklan dvisitors several days last week.

The expert accountant employed by the county grand jury has commenced the work ofexperting the books o fthe various house officers.

Mr. and Mrs. Charles Eden are entertaining their daughter, Mrs. Otto Lutz, Mr. Lutz, and their young daughter Marjorie. Mr. Lutz has returned to Grants Pass while Mrs. Lutz will remain here for some time. Mr. and Mrs. Stephen Eden and William Eden have been here from Lower Lake.

Mrs. Hazel Pedlar Faulkner and children have returned to Sacramento after a visit with her sister, Mrs. Raglan Tuttle.

The hearing will be held in Judge Dow's court on Wednesday morning at 10 o'clock. They are charged with assault with a deadly weapon and all except Pellegrini are guests of the sheriff.

ATTENTION, MASONS

There will be an Educational Program rendered following the stated meting of Nevada Lodge, No. 13 on Wednesday night next. It will be in the nature of a patriotic program and it is hoped the members will turn out in force for this occasion.

G. J. DAVIS, W. M.
J. F. STENGER, Secy.

EDUCATIONAL PROGRAM TO BE GIVEN BY NEVADA LODGE

An educational and patriotic program will be given by Nevada Masonic Lodge on Wednesday evening, following the stated meeting of the lodge. All Masons are cordially invited to attend.

Mrs. J. H. Fuller was here from Marysville to spend the weekend with her sister, Mrs. F. T. Nilon. Mrs. George F. Hampton accompanied her home for a brief visit.

Miss Ida Phillips is here from Sacramento to visit her mother, Mrs. Richard Phillips.

General Manager Otto E. Schiffner of the Rescue Eula Mining Company has returned from a business trip to San Francisco.
